

THE SPRINGS AT  
PACIFIC REGENT  
LA JOLLA  
A HEALTH CARE CENTER

04/05/00

To whom it may concern;

Minister Eric Smith, of "The Loving Care Center" comes to our skilled nursing and rehabilitation facility, "The Springs at Pacific Regent—La Jolla" every second Saturday of the month to run a poetry appreciation and creative writing course for our residents. This is a wonderful program which utilizes poetry to stimulate the resident's cognitive abilities and memories, and encourages them to put some of their own experiences in writing.

The program has been praised by many members of the resident council as an activity they look forward to every month, and Minister Smith has a great rapport with the residents, with a cheerful attitude and much patience for those with limited abilities. We are very thankful that this program is available through "The Loving Care Center" for our facility and look forward to welcoming other programs through this organization.

Sincerely,

Kurt E. Anderson A.D.  
Community Life Dir.
